We offer a comprehensive range of outsourced IT services to small and medium businesses, including managed IT support, cloud solutions, cybersecurity and IT consulting, all tailored to meet the unique needs of each business.

## KEY FEATURES

### COMPETITIVE COMMISSIONS

Earn 5% of revenue on the first year of every annual contract. Bonuses available for high-performing affiliates!

### AFFILIATE TRAINING

Free onboarding to understand our offerings, customer pain points and how to pitch effectively. Access to webinars and ongoing success coaching.

### DEDICATED AFFILIATE PORTAL

Online lead submission and access marketing materials like email templates, brochures and service overviews.

## PROGRAM OVERVIEW

The Affiliate Success Program enables representatives to earn income by referring businesses to our services. Perfect for those with professional networks or industry connections, affiliates receive commissions for successful referrals while helping businesses access valuable services. The program provides tools and support to monetize your connections and create mutually beneficial partnerships.

## HOW THE PROGRAM WORKS

### 1. SIGN UP

- Have a short conversation with us to discuss fit
- Review and sign our Affiliate Agreement

### 2. REFER LEADS

- Use the provided marketing materials or your personalized approach to introduce AffinIT to your network
- Submit lead details through our Affiliate portal so you get credit for each lead

### 3. GET PAID

- Earn commissions for each signed contract
- Payments are typically processed within 60 days of client onboarding
